February 23, 2024

New Brunswick Soil and Crop Improvement Association is now accepting application for the On-Farm Climate Action Fund for the 2024-2025 crop year. The objective of the On-Farm Climate Action Fund is to support farmers in adopting beneficial management practices that store carbon and reduce greenhouse gases, specifically in the areas of:

1. nitrogen management
2. cover cropping
3. rotational grazing practices

First time applicants can register for the program at <https://www.nbscia.ca/ofcaf-program-registration/> Farmers who have participated previously can request 2024-application documents by emailing ofcaf.facf@nbscia.ca

Deadline for the first intake of 2024-2025 applications is April 30, 2024 for projects funded in the fiscal year ending March 31,2025. Applications for funding will be considered on a “first-come- first-serve” basis with priority given to first time applicants.

Subject to the availability of funding the deadline for the second intake of applications is July 31, 2024 for projects funded in the fiscal year ending March 31,2025. Applications for funding will be considered on a “first-come- first-serve” basis with priority given to first time applicants.

 Agriculture and Agri-Food Canada Agriculture et Agroalimentaire Canada Funding for this project has been provided by Agriculture and Agri-Food Canada through the Agricultural Climate Solutions – On-Farm Climate Action Fund.
